Expected Enrolment Sept 2025: 695

Approved Admissions Number for 2025: 100

Approved Enrolment Number for 2025: 680

Admission at other than Year 8 entry

Criteria for entry to Years 9-11

A pupil will be considered for admission by the School's Admissions Committee to Years 9-11 when:

1. The School's enrolment number has not been reached.
2. The admissions number for the Year Group to which the applicant is seeking entry, based on the admissions number for Year 8, has not been reached. The current admissions number for Year 8 is 100.
3. If undersubscribed, as set out in and 1 and 2 above, then a pupil will be admitted unless the admission of a pupil would prejudice the efficient use of resources in the School.
4. If more applicants apply for admission to a Year Group than the places available in that Year Group, then the Admissions Committee will give preference to pupils on the basis of academic ability, considered only on the basis of academic evidence provided with the application form.
 - It should be noted by parents that the Year 9-11 admissions process involves an exercise in judgement by the Admissions Committee and not a precise calculation.
 - The school reserves the right to set standardised tests in English and mathematics for any applicant.
